INTRODUCTION

FEAT Safety and Marine Training Consultant has been a major part in developing the people of Trinidad and Tobago and the wider Caribbean. Our aim is to continuously develop the marine industry through professional certification and consultation. Our goal is to meet the expectations of every student and client by offering efficient customer service. We are committed to total quality management and customer satisfaction.

We have a strong team of dedicated, experienced, licensed professionals with strong functional and technical expertise. We are committed to ensuring that everyone receives the most effective and professional service. What distinguishes us is that we develop our own training materials that are tailored to meet the requirements set out by the Maritime Services Division and the International Maritime Organisation (IMO).

We believe in maintaining a close relationship with our students during the programme in order to assist if students have any study difficulties or need general support. Our aim is to enhance your career by expanding your industry knowledge and expertise. The team at FEAT Safety and Marine Training Consultant are committed and are willing to assist you in achieving your goals and aspirations today.

CORPORATE PROFILE

FEAT Safety and Marine Training Consultant has been in existence for the past twenty-two (22) years operating in Point Fortin, Trinidad and Tobago and the wider Caribbean. We provide Marine & Safety Training, Marine Surveying, Ship Management, and Marine Consulting Services. We have gained a reputation for excellence, demonstrated by our student's achievements, company testimonials and professionally qualified tutors.

Our Training Institute is approved by Maritime Services Division of the Ministry of Transport, and meets The International Convention on Standard of Training, Certification and Watch keeping for Seafarers (STCW Code) and Code of Safety for Small Commercial Vessels (SCV Code) as required by International Maritime Organization (IMO) for Training Institutes.

We at FEAT Safety and Marine Consultant recognize the critical need for marine training within the offshore operations and we are ready to respond to customer requirements as the need arises.

Apart from marine training, we provide exceptional service in Marine Surveying, Ship Management, Safety & Marine Training and Marine Consulting Services. Our clientele includes offshore transport companies, marine contractors and ship owners.

ABOUT OUR DIRECTOR

Anthony T Ferdinand is the **Director of FEAT Safety & Marine Training Consultant**. Mr. Ferdinand has enjoyed a distinguished career in the Marine Industry and has worked with several prominent companies in the Marine Industry.

He is a licensed Marine Surveyor and the holder a Master's of Science Degree in Marine Surveying from Middlesex University. He is an ISM/ISO Lead Auditor, NTA Assessor and Internal Verifier, Certified Ship Inspector with Diplomas in Port Management and Marine Surveying and the holder of Captain and Engineer Competency Certificates to name a few of his achievement.

He has over thirty (30) years experience in the Marine field in command positions on vessels and has been extensively trained both locally and internationally in Port Management, Port State Control, Ship Inspector, Marine and Safety and Marine Administrative fields. He is a lecturer in the Navigational & Safety division of FEAT Safety & Marine Training Consultant
